Note: As you are deciding what class to take next year please understand the requirements needed for an advanced diploma. You need a total of 4 Sciences from 3 different categories. The categories are listed above. The courses marked with * do not count as a 3rd laboratory science when considering a standard diploma. category.

Please complete the following survey honestly.

1. You are currently enrolled in **Physics 1**
 - Yes, and I have a B- or better (move to statement 2)
 - Yes, and I have a C+ or lower (move to statement 3)

2. Yes, and I have taken Algebra 2 honors or higher and am earning a B or better.
 - o You should consider taking one of the following:
 - AP Physics 1
 - AP Physics C (must also take, or have taken, AB Calculus)
 - AP Chemistry
 - AP Biology
 - *Astronomy
 - *Human Anatomy & Phys.
 - *Oceanography
 - Dual Enrollment Environmental Science
 - AP Environmental Science
 - Environmental Science 11/12

After answering these questions review the **Science Skills Sheet** and circle the courses that apply to you and answer the skills questions for each course.

According to this **survey** and the **science skills sheet** I should take the following course(s)

- 1.
- 2.
- 3.
- 4.

My Preference will be the following course(s)

- 1.
- 2.
